AS-A WORKING TOOL
 for the student and the writer, as an authoritative reference book for schools, teachers, families, business and professional men, there is one book which offers superior advantages in the solid value of its information, and the ease with which it is obtained.
 One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.
 The St. James Gazette of London, England, says: "For the teacher, the pupil, the student and the literateur, there is nothing better; it covers everything."
 The New and Enlarged Edition recently issued has 23,000 new words, a revised Biographical Dictionary and a revised Gazetteer of the World, 2380 pages and 5000 illustrations. It has just received
THE GRAND PRIZE
 (Highest Award) at the World's Fair, St. Louis.
 Our name is on the copyright page of all authentic Webster's dictionaries.
FREE—"A Test in Pronunciation," instructive and entertaining for the whole family. Also illustrated pamphlet.

Sallowness Transformed to Dusky Beauty
 A dark skin becomes fascinating when delicately soft, underpinned with the radiant glow which indicates a healthy, active skin. Robertine keeps the skin refined in quality, keeps pores free from clogging waste and stimulates the tiny capillaries to contribute the color which charms in blonde and brunette alike. Robertine is certain protection against tan, sunburn and freckles if applied before exposure to sun or wind. Spreads like an imperceptible sheen of gauze over skin surface, forming a shield stimulating and preserving a delicate, lustrous beauty.

The Smile
 that won't come off, appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you will never see anything else but smiles on his face. Mrs. S. Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and has not had a sick day since. For Sale by National Drug Co. and by Demaray."

PACIFIC MAY GET TORPEDO FLEET

TORPEDO FLEET OFFICERS EXPECT TO BE ORDERED TO CRUISE TO THE PACIFIC

Decision Has Been Left to Admiral Evans, and Plan Is Declared to Be Feasible.

Washington, July 17.—Officers of the second torpedo fleet commanded by Lieutenant William McDowell, and now at Norfolk, confidently expect they will be ordered to cruise to the Pacific about the same time that the Atlantic battleship fleet is transferred to that ocean. The question of whether or not destroyers will be taken to the Pacific has been left to Rear Admiral Evans for decision.

Torpedo officers declare that the cruise from Hampton Roads to San Francisco via Magellan, is entirely practicable, though far more difficult than the cruise made four years ago by the first torpedo flotilla from Hampton roads to the Philippines via Suez. The second flotilla is commanded by Lieutenant Commander E. A. Anderson.

The fleet is now composed of The Hopkins, Lieutenant A. G. Gowe; the Whipple, Lieutenant Edward Woods; the Lawrence, the Worden, Lieutenant Victor S. Houston; the Hull, Lieutenant James H. Tomb; the Stewart, Lieutenant Frederick Hellwig.

Dr. Taylor Is San Francisco's Mayor.

San Francisco, July 17.—The Board of Supervisors met last evening, and, with the exception of Supervisors O'Neil and Tveitmoe, named Dr. Edward R. Taylor to fill the unexpired term as Mayor of San Francisco.

Mr. Taylor is a lawyer, physician and a poet. He claims that he will be the chief executive of the city absolutely.

Ex-Mayor Eugene E. Schmitz yesterday appointed Mr. Samuel Sawyer to fill the vacancy made by the resignation of Supervisor Boston. When he presented his credentials last night the Board refused to recognize the authority of Schmitz.

Libraries Scored as Being Corrupt.

Denver, Col., July 17.—"Libraries are sinks of corruption," declared Bishop N. C. Matz of the Colorado diocese of the Catholic Church at the early morning mass in Logan Avenue chapel today. He went to decry the spirit in which John D. Rockefeller and Andrew Carnegie make their gifts.

"Look at Carnegie," said Bishop Matz. "How the world praises him because he sends money all over the country to found libraries which shall perpetuate his name. Libraries, I say, are sinks of corruption. They place within reach of the masses the infidel teachings of Voltaire, and the sensational dime novel, getting in their work of destruction only too easily."

Food Shortage Follows Flood.

Bakersfield, Cal., July 17.—When the Buena Vista levee broke and the roadbed of the Sunset branch was washed out, the residents in the oil fields at Maricopa, Sunset, Pioneer and the many leases were cut off from their base of supplies. The business houses of Bakersfield send provisions and merchandise to Sunset on every train and water is shipped from here. Now there is a shortage of food and water and the Southern Pacific cannot predict when the situation can be relieved.

The oil producers at Sunset have suffered greatly on account of the food and nearly all the leases have shut down temporarily.

Nebraska Drenched by Floods.

Lincoln, Neb., July 17.—Telegraph wires were out of order and traffic blocked up in the Winmore division of the Burlington railway yesterday, caused by the third of a series of drenching rains which visited the southern and southeastern a mile of the State. The wreckage was reported heavy, with a bridge reported at Humboldt. The damage was done to the bridge.

Band of Gypsies Driven From Italy Not Allowed to Enter Switzerland

Geneva, July 17.—A party of twenty-two gypsies, men, women and children, are stranded at the top of the great St. Bernard pass owing to curious circumstances. On being expelled from Italy they ascended the pass, intending to go to Switzerland, but when they had reached the top they were refused admission to Switzerland territory by Swiss gendarmes. Unable to return to Italy as Italian gendarmes followed them to see them across the frontier, they are now camped at an elevation of 8,100 feet, unable to advance or retreat. They may freeze to death unless either Italy or Switzerland relents. The monks of St. Bernard are feeding them and lending them warm clothing, but they cannot be sheltered in the hospice, because it is Swiss Territory.

TRY TO PROVE PERJURY

WITNESSES IN THE HAYWOOD TRIAL ARRESTED ON THE CHARGE OF PERJURY

Boise, Idaho, July 17.—Rebuttal evidence in the Haywood trial yesterday covered a wide range. It started in California, returned to Idaho and finished the session in Colorado. Four witnesses supported the general attack now being made by the prosecution on the evidence by which the defense hopes to prove perjury against Harry Orchard.

After Lawrence Guibbini had sustained Orchard as to the condition of the Bradley residence in 1904, the scene changed to the Coeur d'Alenes, and a physician of Burke, Idaho, swore to seeing Orchard in Burke on the day of the Bunker Hill and Sullivan mine explosion. Witnesses for the defense have sworn to playing poker with Orchard at the same time in Gem, many miles away, over the mountains.

A. T. Holman, a mine superintendent in Colorado, now manager of the Golden Cycle mine and formerly superintendent of the Vindicator mine, was called to contradict statements made by the witness Wood, who described the condition of the sixth level of the Vindicator immediately after the explosion. Holman was extremely circumstantial and careful in his descriptions, using a chart which was placed on an easel for his convenience. Mr. Holman also told of labor conditions and of attacks by union men upon "scabs."

Dr. I. L. McGee, the witness for the defense who is charged with perjury, arrived in Boise yesterday. He readily gave bonds in the sum of \$5,000. C. F. Aller, the other witness who was arrested was given a preliminary hearing. He was represented by Peter Breen of Butte, one of the attorneys for the defense.

A. C. Cogswell of Wallace, Idaho, followed Guibbini on the stand. He was called to further impeach Dr. I. L. McGee, a witness for the defense. Dr. McGee testified as to certain dates by fixing the date of a county Republican convention at Wallace. Cogswell, who was permanent chairman of the convention, gave different dates. The attorneys for the defense moved to strike out the evidence as immaterial, and when this motion was denied they declined to cross-examine.

New Method in the Customs Service.

Washington, July 17.—Secretary Cortelyou has announced that a new system of baggage examination will be in operation to greet the homecoming European traveler this season.

Under the new system customs officers at the harbor will receive from the steamship officer all of the declarations of all of the passengers and deliver them to the chief representative of the surveyor of the dock. A coupon which will be the passenger's receipt and which will contain the same official number as the declaration itself, will be tendered and the passenger will present this to the proper representative of the surveyor, secure the services of an inspector who will examine his baggage and verify the declaration previously made by him on board ship. No oath of any kind or character will be required.

BULLET KILLS A DEER AND MAN

LUDWIG NUSBAUMER IS SHOT BY COMPANION WHILE HUNTING.

Bullet Penetrates Animal and Lodges in the Head of the Young Man, Causing Instant Death.

Redding, Cal., July 17.—Ludwig Nusbaumer, son of Judge Nusbaumer of Oakland, was shot and killed yesterday afternoon near Castella by James Hunter. Young Nusbaumer and Hunter, a man aged 30, were hunting deer in the mountains four miles from Judge Nusbaumer's summer home. Hunter and Ludwig had separated. Hunter saw a deer and fired. The animal dropped dead to the ground. Going to see the deer, Hunter found the body of young Nusbaumer.

He had killed the deer and man with the same shot from his high-power gun. Nusbaumer was shot through the head. His death, like that of the deer, must have been instantaneous. The body did not reach Castella until long after dark, as Hunter had to walk four miles to tell the sad news and get assistance.

Hunter is an expert hunter, who has lived at Castella nearly all his life and has acted as guide for hunting parties from the city. He is greatly distressed, but he points to the fact that he saw, shot and killed the deer, it being a mere chance that Nusbaumer was in range.

Judge Nusbaumer owns a summer home near Castella and spends most of the time there. A year or so ago he lost a son by drowning in Lake Merritt, Oakland.
